

MOXIE Theatre

Who We Are

MOXIE Theatre is a professional non-profit theatre located in San Diego, California, founded in 2004. Our mission is to create more diverse and honest images of women+ for our culture using the intimate art of theatre.

MOXIE produces an annual season of three to four mainstage productions written and directed by women+, and a New Works Festival dedicated to developing new full-length works and short plays by diverse women+ playwrights. We produce plays that break new ground either through subject matter, style, or by conquering stereotypes.

MOXIE is proud to provide career-launching professional opportunities to many emerging women+ artists, and to offer educational opportunities to students in schools that primarily serve marginalized and underserved populations. Our theatre is creating a pipeline for women+'s work and inspiring audiences to create change in their own communities.
